Attachments: Concentrations and trends of PFCs_Liu, Guo.pdf; Survey and environmental-health assessment of PFCs in consumer products_2008.pdf

Hi Eileen,

Thanks for arranging yesterday's teleconference.

Below are the links to the studies on articles done by ORD (Zhishi Guo and Xiaoyu Liu). I think Zhishi retired so Xiaoyu (Liu.xiaoyu@Epa.gov) would be the best contact for the latest on what EPA had done on articles testing, including methods used and results.

2009 publication: <http://nepis.epa.gov/Adobe/PDF/P100EA62.pdf>

2013 publication on 2007-2011 trends: <http://www.sciencedirect.com/science/article/pii/S0045653513013714>

Concentrations
and trends of PF...

Attached please also find a comprehensive market study by Denmark on PFCs in products. Although published in 2008, the same chemicals were most likely in commerce through recent years.

Survey and
environmental-he...

Please let me know if I can help with anything else.

Thanks,

Toni Krasnic

Subject: California-EPA Call re: PFCs Draft Agenda attached

When: Tuesday, September 15, 2015 11:00 AM-12:00 PM (UTC-08:00) Pacific Time (US & Canada).

Where: Conf Call 1-866-715-1475 Participant Code 4608865#

You're invited to call between EPA's Office of Chemical Safety and P2 and California Dept of Toxic Substances Control re: perfluorinated compounds.

Background: California DTSC's Safer Consumer Products (SCP) program is in its second round of identifying product/chemical combinations under its SCP regulations. Under the SCP workplan, California is looking at PFCs in furnishings, clothing and building products (carpet). California must identify specific chemicals on its Candidate Chemicals list found here < http://dtsc.ca.gov/SCP/upload/Updated_Candidate_Chemicals_List.pdf>. Not all PFCs are on the list.

See attached proposed agenda
